#### GLOUCESTER COUNTY INSURANCE COMMISSION

9 Campus Drive, Suite 216 Parsippany, NJ 07054

Date: November 25, 2024

Memo to: Commissioners of the Gloucester County Insurance Commission

From: PERMA Risk Management Services / PERMA Claims

Subject: MANDATORY YEAR-END CLAIMS REPORTING

As you are aware, certain policies issued to the Gloucester County Insurance Commission and/or its members apply on a claims made or discovered AND reported basis (e.g., Public Officials / Employment Practices, Employed Lawyers, Cyber, Medical Malpractice, Crime, Pollution.) With these types of policies, any claim made against you or loss discovered during the policy period MUST be reported before the end of the policy year. Therefore, it is imperative that any claim, potential claim, or facts and circumstances that may give rise to a claim be reported to the insurance company prior to policy expiration on 12/31/24.

Please conduct a review "sweep" of any Public Officials & Employment Practices Liability, Employed Lawyers Professional Liability, Cyber, Healthcare Professional & General Liability, Crime or Pollution claims, suits and/or incidents of which you (or anyone else in your organization) may be aware that have not yet been reported.

Such claims must be reported to the insurance carrier prior to 12/31/24. Please keep in mind that these types of policies are "claims made and reported" or "discovery" policies, and failure to timely report a discovered loss or claim (or potential claim of which you are aware) may result in a denial of coverage from the insurance carrier.

Please report these claims in the same manner as you have throughout the year. Given the upcoming holidays, we respectfully request that you complete this process as soon as possible so that there are no delays in getting claims reported to the carrier(s).

Please let us know if you have any questions or concerns.

Virtual classes feature real-time, instructor-led in-person, and virtual classes. Experienced instructors provide an interactive experience for the attendee on a broad spectrum of safety and risk control topics. Most NJCE LIVE virtual offerings have been awarded continuing education credits for municipal designations and certifications.

The live virtual monthly training schedules and registration links are available on the NJCE.org website under the "Safety" tab: NJCE Live Monthly Training Schedules. Please register early, under-attended classes will be canceled. (December thru February 2025 Live Training Schedules and Registration Links are attached).

To maintain the integrity of the NJCE classes and our ability to offer CEUs, we must abide by the rules of the State agency that issued the designation. Most important among those rules is the attendee of the class must attend the whole session. Attendees who enter the class more than 5 minutes late or leave early will not be awarded CEUs for the class or receive a certificate of completion.

#### **Zoom Safety Training Guidelines:**

Attendees who enter the class more than 5 minutes late or leave early will not be awarded CEUs for the class or receive a certificate of completion. To maintain the integrity of the classes and our ability to offer CEUs, we must abide by the rules of the State agency who issued the designation. Chief among those rules is the attendee of the class must attend the whole session. This guideline also applies to any participant taking the class as part of the NJCE Leadership Academy Program. (The Leadership participant must be in attendance for the entire class runtime no exceptions in order to receive credit for the class.)

The Zoom platform is utilized to track the time each attendee logs in and logs out of webinars. Also, we can track participation, to demonstrate to the State agency that the student also participated in polls, quizzes, and question & answer activities during the live, instructor-led webinar. We maintain these records to document our compliance with the State agency.

#### **Zoom Training Registration:**

- When registering, please indicate the number of students that will be attending with you if in a group setting for an accurate count to avoid cancelations due to low attendance. Once registered you will receive an email with the webinar link. Be sure to save the link on your calendar to access on the day of training.
- Please register Early (at least 48 hours before, as Under-attended classes may be cancelled).
- A Zoom account is not needed to attend a class. Attendees can login and view the presentations from a laptop, smartphone, or tablet.
- Zoom periodically updates their software. After registering for a webinar, the confirmation email contains a link at the bottom to Test your system. We strongly recommend testing your system, and updating it if needed, at that time.
- Please <u>click here</u> for informative Zoom operation details.
- It is suggested you log in to the webinar about 15 minutes early, so if there is an issue, there is time to address it. We cannot offer credit or CEUs/TCHs (or Leadership Academy Participants) to attendees who log in 5 minutes late or leave early.
- Group Training procedures:
  - Please have one person register for the safety training webinar and also ensure that person will have access to the webinar link to launch on the day of the class.

#### D. 2024 Claims Sweep on Claims Made Policies

We have contacted all the members and reminded them to advise our office if they have any knowledge of an incident which may give rise to a claim under the "claims made" policies: Public Officials/Employment Practices, Medical Malpractice, Employed Lawyers, Crime, Pollution, and Cyber Liability. These policies have strict definitions to what constitutes "knowledge of a claim" and the time in which it must be reported to the carrier for coverage to be afforded. As these policies expire on 1/1/2025, we need to report any potential claims that may have been throughout 2024 to the carriers prior to 1/1/2025.

#### E. 2024 NJCEL reinsurer Munich Re Safety Grant

The two submissions for the 2024 Munich Re Safety Grant were approved. IV. Risk Management Consultant's Report - Hardenbergh Insurance Group

Ms. Violetti began by reviewing the 2024 workers' compensation graphs that illustrate the number of workers' compensation claims by entity.

Next, she spoke of the 2025 Safety Kick Off. It is in the process of being scheduled. The meeting will be scheduled for January of 2025. There will be additional information provided once all is finalized.

She continued by stating that a corrective action letter was sent to Wayne Love at the Gloucester County Utilities Authority regarding an injury that occurred on 11/21/2023. Mr. Love advised that the Authority is creating a Hand & Portable Power Tools Manual from the template provided and will make it available to all affected employees. In addition, the employee who was injured was assigned to watch the corresponding safety on Hand and Power Tool Safety on the Learning Management System.

Next, Ms. Violetti stated that a corrective action letter was sent to Lauren Vilimas at Rowan College of South Jersey regarding an injury that occurred on 12/5/2023. Ms. Vilimas advised that the two safety bulletins and videos recommended by the committee will be provided to employees via email. For employees who do not have direct access to their emails, the College will be providing printed copies of the trainings and computers to view the videos during the workday. The College will also make sure to send out the training prior to the winter season to help avoid accidents in the future.

She continued by stating that a corrective action letter was sent to Shane Stevenson at the Gloucester County Division of Social Services regarding an injury that occurred on 1/23/2024. Mr. Stevenson advised that all employees have been assigned the Learning Management System course "Back Safety in Office Environments" and have been provided the bulletin "Playing it Safe – Eliminate Back Pain".

#### GLOUCESTER COUNTY INSURANCE COMMISSION

Next, she spoke about the 2024 Munich Re Safety Grant. Two submissions have been provided to J.A. Montgomery for the safety grant. The first submission was from the Gioucester County Library Commission for an automatic external defibrillator (AED) and corresponding accessories for the Logan Branch. The total cost is \$4,743.43. In 2023, the Logan Branch held 580 activities for the public to participate in with approximately 7,050 in attendance. Availability of automatic external defibrillators has a proven track record of saving lives in public places.

The second submission was from the County Sheriff's Department for three in-car Motorola Camera Video Systems. The total estimated cost including all hardware and warranties is \$23,014.00. The system will reduce department liability claims by improving officer and department accountability. The rear passengers are recorded with video evidence available on demand, allowing officers to monitor detainees in real time, increasing safety for the office and detainee. We are waiting for the carrier's response to both submissions.

Mr. Prince provided an update on when a response is expected. He advised the total amount of submissions that were provided this year.

Lastly, she advised that all submissions for the 2024 Wellness Grants were approved by the Insurance Commission. Congratulation letters were sent to the applicable departments / entities. We will be reaching out to collect documentation required for reimbursement shortly.

#### V. NJCEL Safety Director's Report - J.A. Montgomery

Mr. Prince spoke about the entry level driver training program. He spoke about the importance of obtaining the training as the Motor Vehicle Commission will not allow an individual to take the test without the training. There was also a discussion on the types of vehicles that an individual can test for. Effective 11/18 there will be a new regulation on the Clearinghouse. He advised that any individual who fails a drug test will have their CDL license suspended, and the individual would need to go through the entire training process again. There was discussion on how to communicate this new regulation to employees.

Next, he advised that all training courses available through November can be found on the njce.org website.

Mr. Henry inquired about the heat illness prevention program. Mr. Prince advised of the resources available to all members.
